RABATA NR 2

A large grid of colored circles (red, yellow, green, blue, purple) arranged in a pattern, likely representing a data visualization or a decorative element. The grid is composed of many small circles, each containing a number. The numbers are arranged in a way that suggests a sequence or a pattern, possibly related to the 'RABATA NR 2' label. The colors of the circles are used to group the numbers into different categories or to highlight specific values. The overall layout is a dense, rectangular arrangement of these colored circles, with some circles missing or faded towards the right side, creating a sense of depth and perspective.

A large grid of colored dots in red, yellow, green, and blue, arranged in a repeating pattern. The grid is bounded by a black line on the left and top edges. The dots are arranged in a regular grid, with each dot being a small circle. The colors are distributed in a repeating pattern of red, yellow, green, and blue. The grid is approximately 20 columns wide and 30 rows high. The dots are arranged in a regular grid, with each dot being a small circle. The colors are distributed in a repeating pattern of red, yellow, green, and blue. The grid is approximately 20 columns wide and 30 rows high.
